

# Symposium Program

## SYMPOSIUM OF THE PHOTONICS SOCIETY OF POLAND

Saturday, 31st May 2008

Physics Building of the Warsaw University of Technology

### Symposium Program

(click here to download presentations)

#### SESSION I

Chair: Tomasz R. WoliDski

1000-1200

1000

Opening ceremony

Tomasz R. WoliDski, PSP President

1015

Commencement through Renaissance

Emery L. Moore, 1990 SPIE President

1030

Nanoscale photonic structures in fibre form

Philip Russell, Max Planck Research Group Director

1100

Fibre optic sensors: A perspective on science, technology and application

Brian Culshaw, SPIE Immediate Past President

1130

Photonics 21 - Advocating for optics and photonics in Europe

MaBgorzata KujawiDska, 2005 SPIE President 1200- 1230

Chair: MaBgorzata KujawiDska

1230-1500

1230

Photonics Letters: Publication of the Photonics Society of Poland

Ryszard Romaniuk, PL Editor-in-Chief

1245

Metamaterials: from concepts to applications

Allan Boardman, SPIE and OSA Fellow

1315

Photonics and optical technologies in Poland

Tomasz R. WoliDski, PSP President

1345

Optical Coherence Tomography in ophthalmology and art conservation

Andrzej Kowalczyk, Nicolaus Copernicus University

1415

SPIE Poland Students Chapters presentationsSESSION III

Welcome Reception and Award Ceremony

including Poster Session

coffee break SESSION II

1530-1800
